Subject: Proposed Revisions

Tim,

I have implemented your requested revisions to Schedules Mg-1.1, Mz-1, and Lc-1. Please review the attached documents to check for accuracy.

Regarding your request to add "Account Records Request Charge" to Schedule Mg-1.1, we feel that this is part of your normal cost of doing business and that there should probably not be a charge for it. However, if you feel strongly about establishing this charge, please provide justification for it. How many requests do you receive per year? How do you receive them – via phone, letter, in person, e-mail, website? How do you provide the information to the customer? Give us a breakdown of your costs to respond to the customer request.

Regarding Schedule Mz-1, please pay particular attention to how the various charges are organized. I want to make sure that like categories are on the same level and that the subcategories are under the proper main category. For example, are "City Boulevard Irrigated by Sprinklers" and "Chargeable Hose Connections" separate categories on a par with "Deposits", "Hydrant Permits", "Bulk Water Permits", etc., OR are they subcategories under "Hydrant Permits" like "Sewer Flushing and Lining", "Metered Hydrant Use", etc.? Are all of the charges in the schedule subject to the 25 percent surcharge if outside the City of Milwaukee? Feel free to make any desired changes in the Word Document.

Also attached are the current Standby Schedules Ws-1,3,5. Please feel free to suggest any desired revisions.

I look forward to your response. Thanks!
